BIRTH RECORDS

of

DEKALB COUNTY, INDIANA

1921 - 1944

M - Z

Compiled by
Fayne E. Harter
February 6, 1972

These records are from file cards of the DeKalb County Health Department. The file cards are for their own use, and often do not contain the complete names as given in their original Birth Records. Some errors may occur as it was not necessary for them to proof-read the cards, and also because of the poor writing in the records. Many that look as if they are errors, are not. The dates and differences in names and spelling often do occur in the DeKalb County Records.

Thanks to the Board of the DeKalb County Health Department for permission to copy these records. The only request was that all illegitimate births were not to be copied. This I have tried to do.

A very special thank you to Mrs Frances Kessler, of the Health Department, for all of her friendly help and splendid co-operation.
